In addition to our 2021 Hawaiian Luau golf tournament, the Little Hands Fundraising Committee has BIG goals for this year. These goals include new tablets in each room, new front office equipment, and a complete overhaul of the south playground — including dirt work, a new retaining wall, new fencing, new play equipment, etc..

We strive to keep children in our care excited and engaged during their learning journey. In order to do so, we use a combination of contemporary learning techniques, devices, play equipment, supplies, and interactive toys — all which come at a great cost! Early education assists in the development of well-educated children, who are the future of our local communities.
